Implementing Digital Environments for Advancing Schools

**WIN \$2,500
in technology dollars
for your school!**

Two prizes will be awarded
One essay entry per school allowed

Winners will be announced at
NECC 2009 in Washington DC

(Need not be present to win)

Criteria:

Application must include:

1. A completed entry form.
2. Essay with complete description of use of technology in the classroom. Grade level, subject area, what technology was used, and how it was used.
3. Discuss the reason you chose the technology that was used, how it helped student achievement, what standards did it meet.

Go to <http://ideas.edresources.com> to submit an entry.

All entries must be submitted by April 1, 2009

Judging Criteria:

Applications will be judged in Educational Resources sole discretion based on the following criteria:

- Demonstrated use of technology in the classroom.
- Enhanced student learning through the use of technology in the classroom.
- Demonstrated understanding for use of technology in the classroom and its impact on student learning and achievement.
